

# Workload Feedback of Compulsory Courses

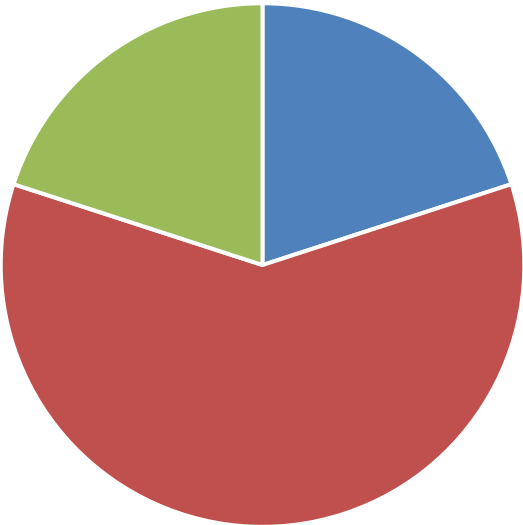

# Qualitative and Quantitative Biology (3 SKS, 5.43 ECTs)

What is your total time spent in one week for face-to-face meetings in class? (in minutes)

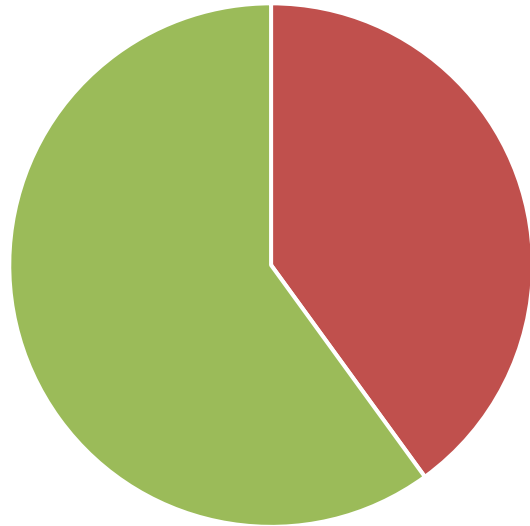

■ <150 minutes (Low) ■ 150-200 minutes (Enough) ■ >200 minutes (High)

What is your total time spent in one week for self-study activity for this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

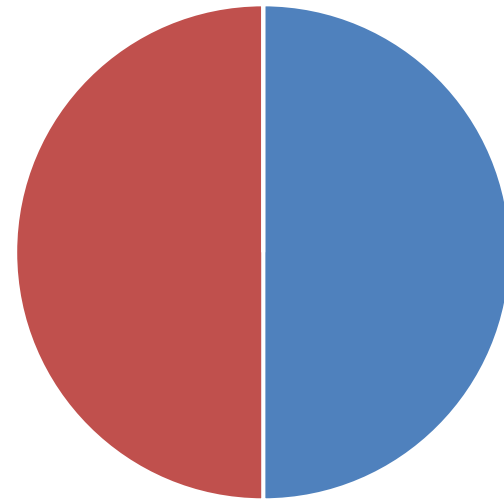

What is your total time spent in one week to finish a structured assignment in this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

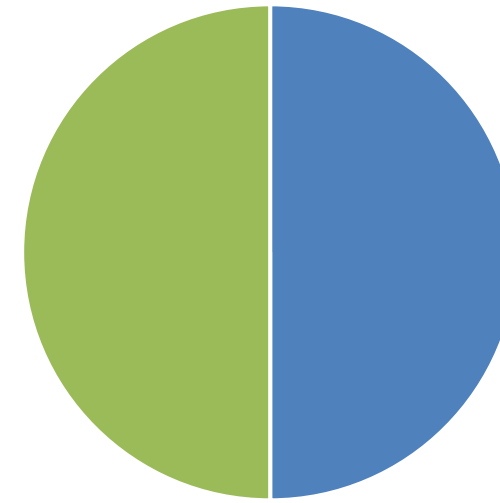

# Animal and Plant Biosystem (3 SKS, 5.43 ECTs)

What is your total time spent in one week for face-to-face meetings in class? (in minutes)

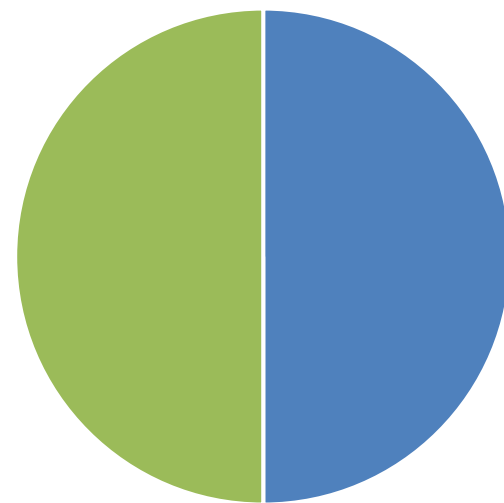

■ <150 minutes (Low) ■ 150-200 minutes (Enough) ■ >200 minutes (High)

What is your total time spent in one week for self-study activity for this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

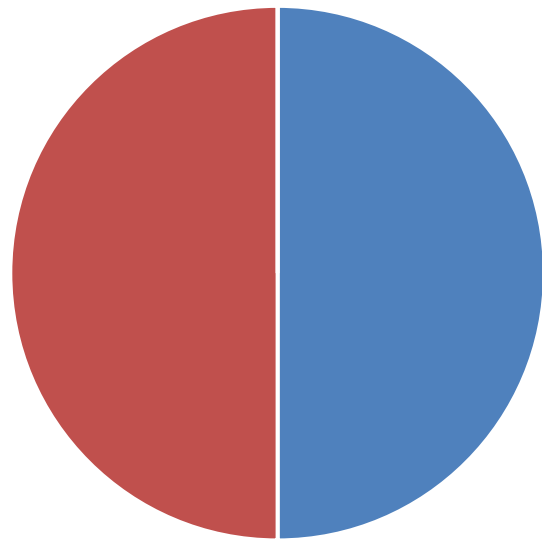

What is your total time spent in one week to finish a structured assignment in this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

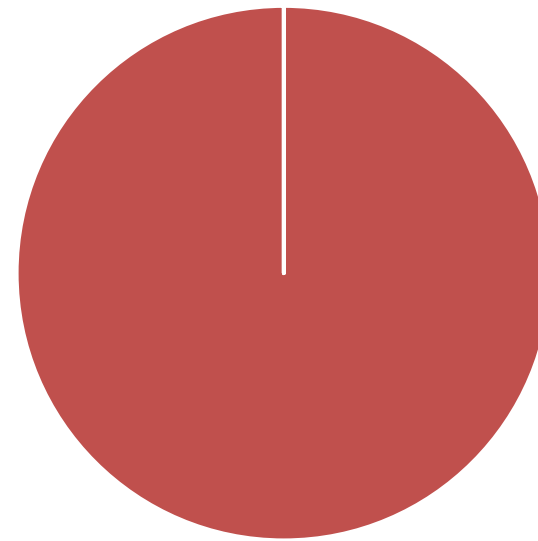

# Biosystematics (3 SKS, 5.43 ECTs)

What is your total time spent in one week for face-to-face meetings in class? (in minutes)

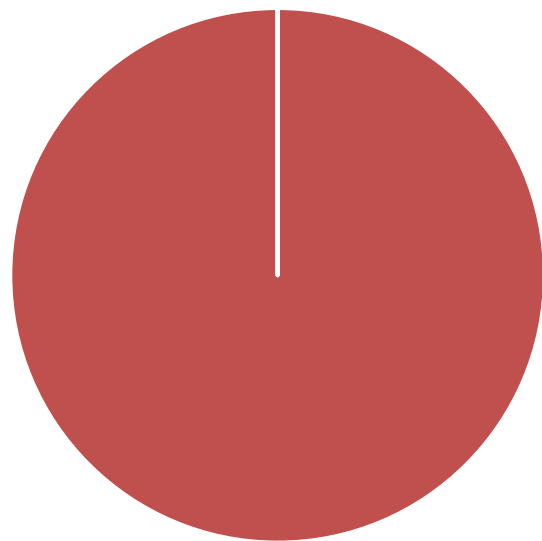

■ <150 minutes (Low) ■ 150-200 minutes (Enough) ■ >200 minutes (High)

What is your total time spent in one week for self-study activity for this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

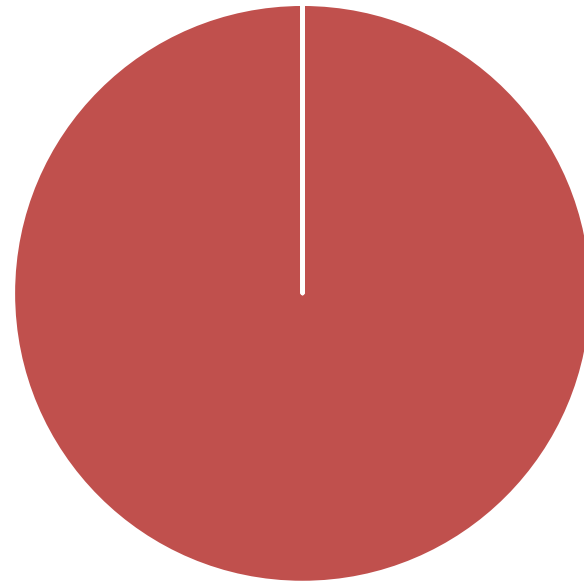

What is your total time spent in one week to finish a structured assignment in this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

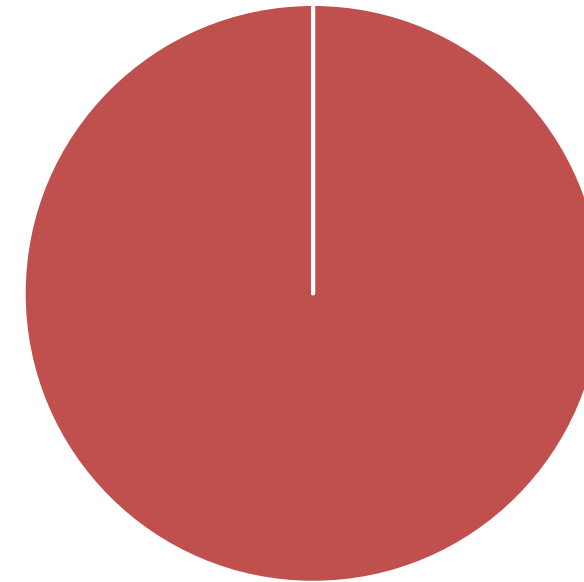

# Integrative Ecology (3 SKS, 5.43 ECTs)

What is your total time spent in one week for face-to-face meetings in class? (in minutes)

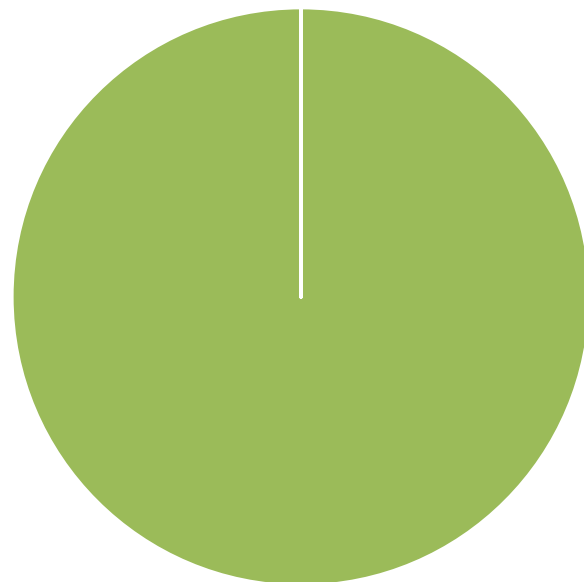

■ <150 minutes (Low) ■ 150-200 minutes (Enough) ■ >200 minutes (High)

What is your total time spent in one week for self-study activity for this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

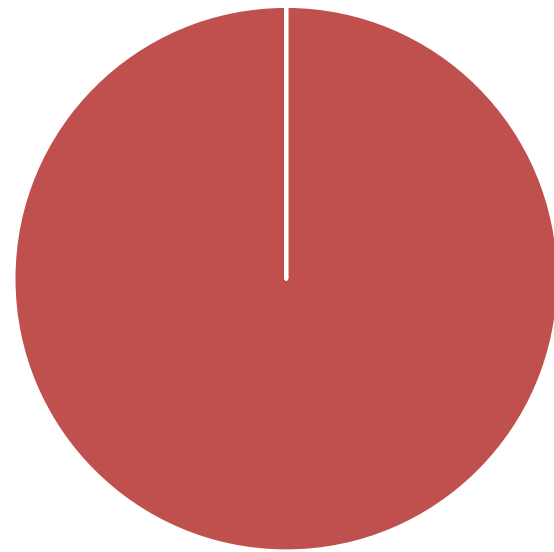

What is your total time spent in one week to finish a structured assignment in this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

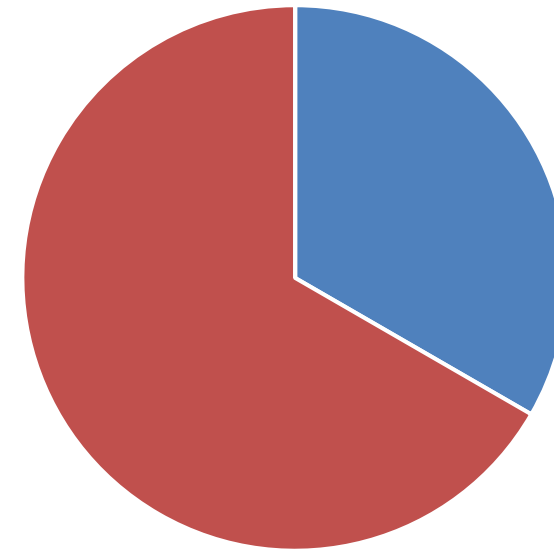

# Philosophy of Science (3 SKS, 5.43 ECTs)

What is your total time spent in one week for face-to-face meetings in class? (in minutes)

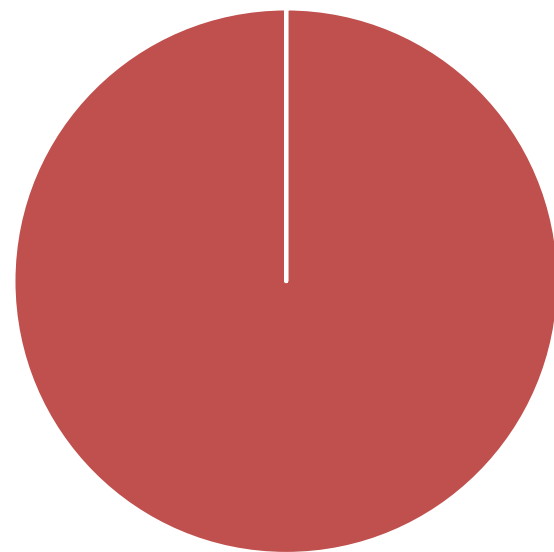

■ <150 minutes (Low) ■ 150-200 minutes (Enough) ■ >200 minutes (High)

What is your total time spent in one week for self-study activity for this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

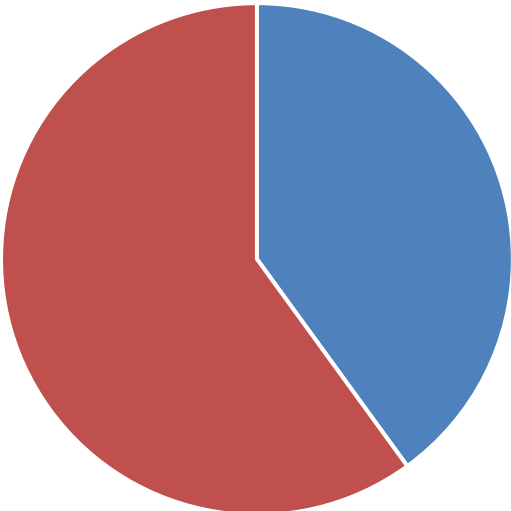

What is your total time spent in one week to finish a structured assignment in this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

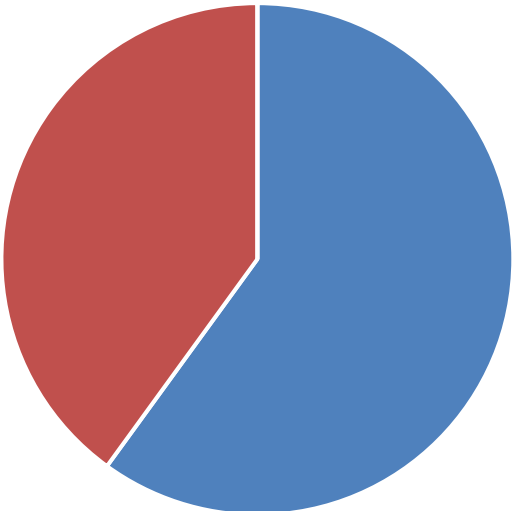

# Biodiversity, Ecosystem Services and Climate Change (3 SKS, 5.43 ECTs)

What is your total time spent in one week for face-to-face meetings in class? (in minutes)

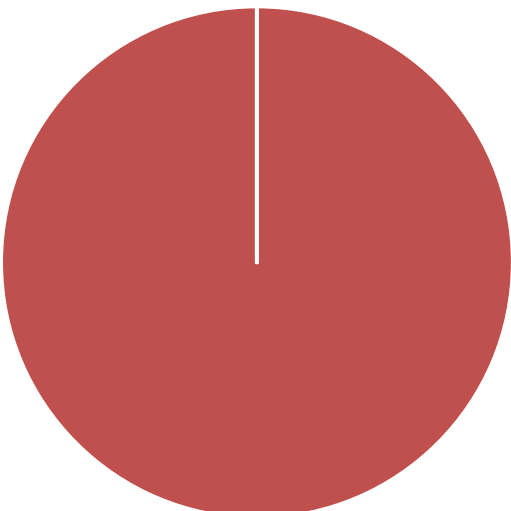

■ <150 minutes (Low) ■ 150-200 minutes (Enough) ■ >200 minutes (High)

What is your total time spent in one week for self-study activity for this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

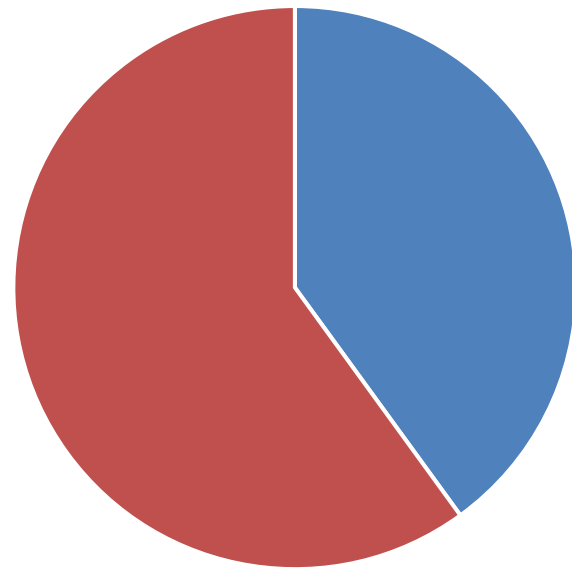

What is your total time spent in one week to finish a structured assignment in this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

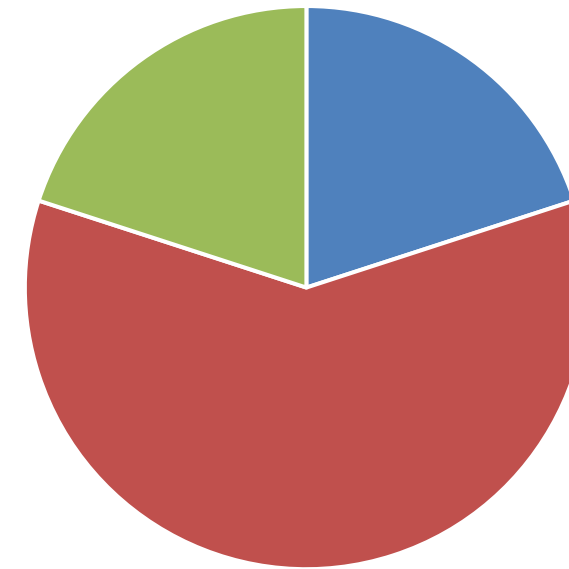

# Scientific Communication (3 SKS, 5.43 ECTs)

What is your total time spent in one week for face-to-face meetings in class? (in minutes)

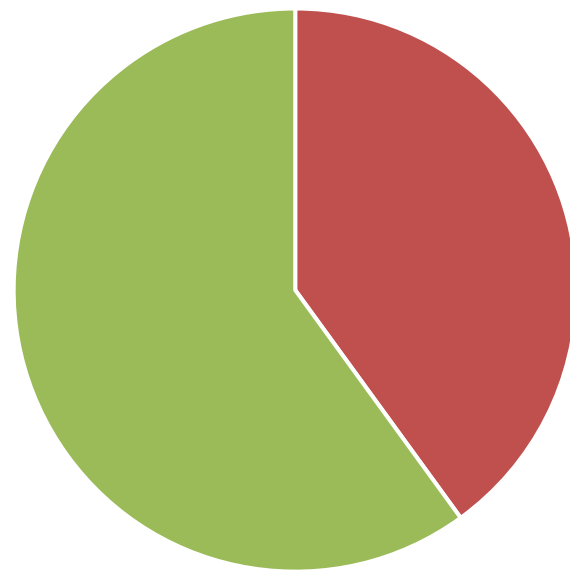

■ <150 minutes (Low) ■ 150-200 minutes (Enough) ■ >200 minutes (High)

What is your total time spent in one week for self-study activity for this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

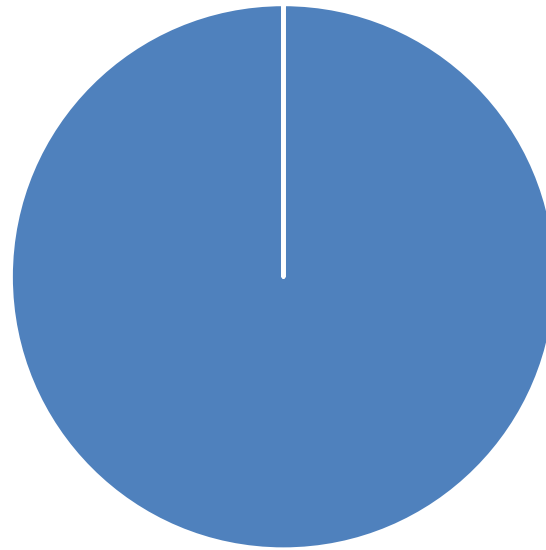

What is your total time spent in one week to finish a structured assignment in this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

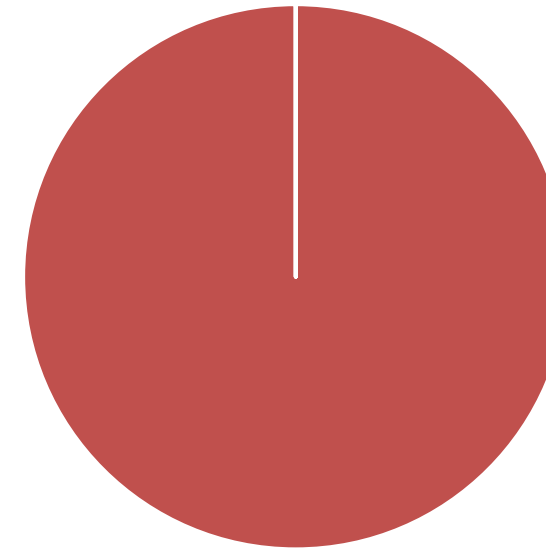

# Industrial and Environmental Microbiology (3 SKS, 5.43 ECTs)

What is your total time spent in one week for face-to-face meetings in class? (in minutes)

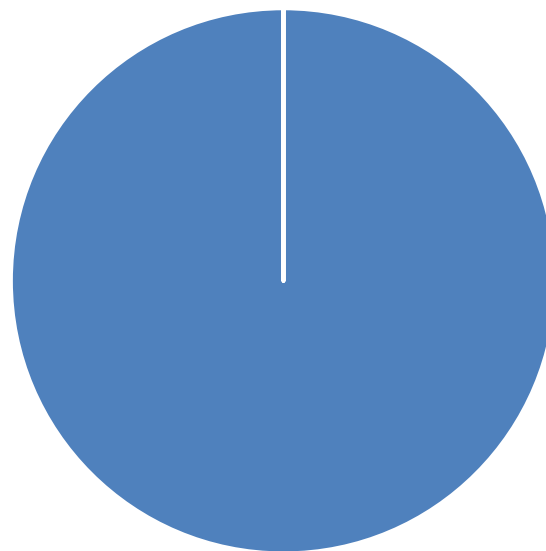

■ <150 minutes (Low) ■ 150-200 minutes (Enough) ■ >200 minutes (High)

What is your total time spent in one week for self-study activity for this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

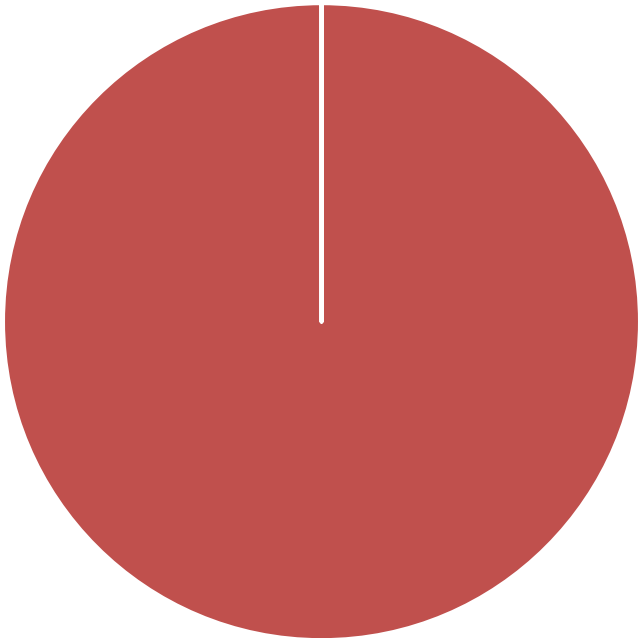

What is your total time spent in one week to finish a structured assignment in this course? (in minutes)

■ <180 minutes (Low) ■ 180-240 minutes (Enough) ■ >240 minutes (High)

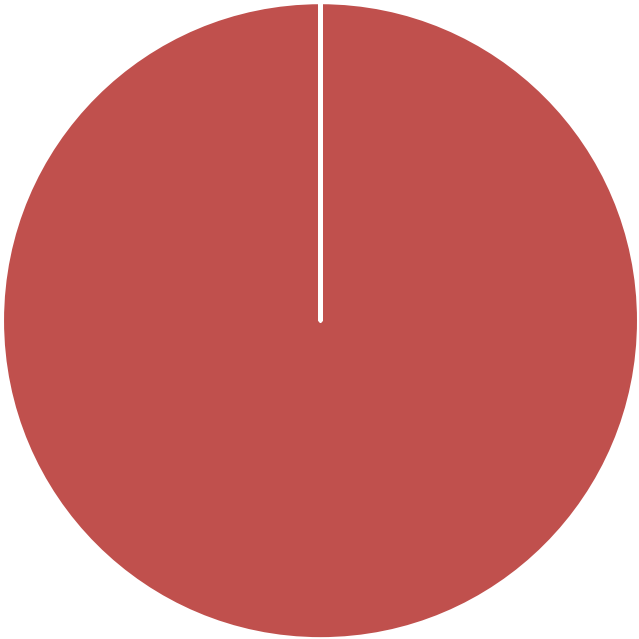

# Microorganism Bioprospect (2 SKS, 3.62 ECTs)

What is your total time spent in one week for face-to-face meetings in class? (in minutes)

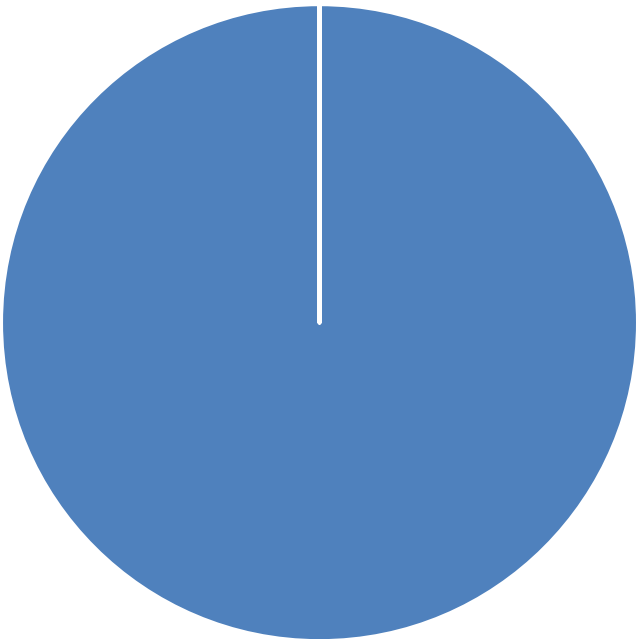

<100 minutes (Low) 100-150 minutes (Enough) >150 minutes (High)

What is your total time spent in one week to finish a structured assignment in this course? (in minutes)

<120 minutes (Low) 120-180 minutes (Enough) >180 minutes (High)

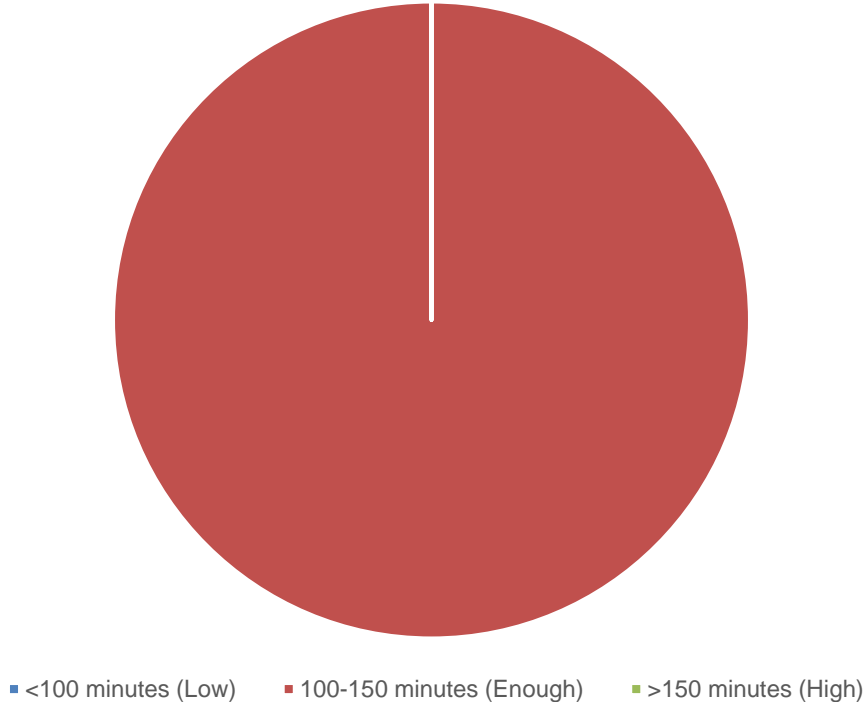

What is your total time spent in one week for self-study activity for this course? (in minutes)

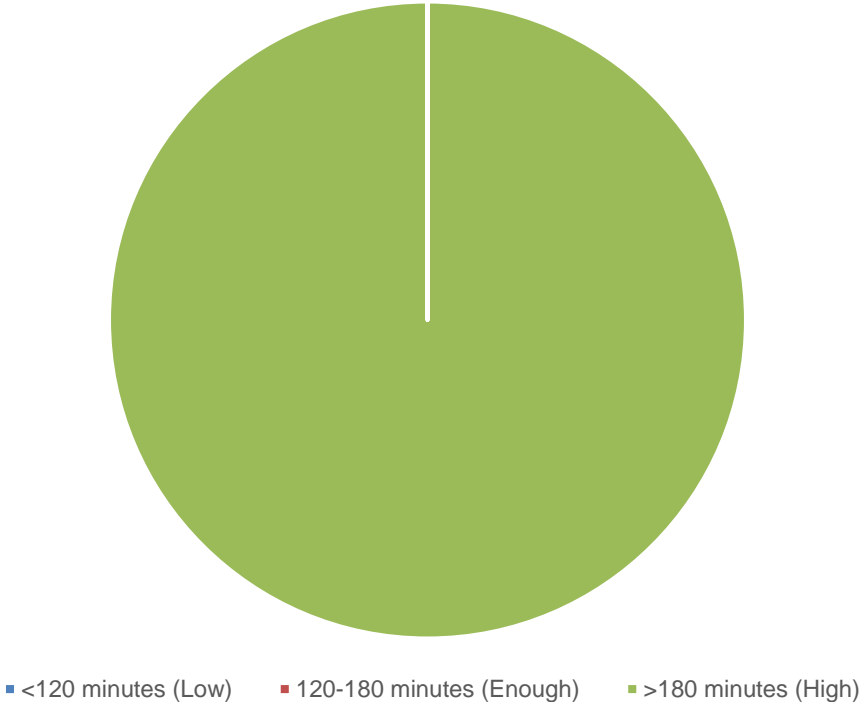

<120 minutes (Low) 120-180 minutes (Enough) >180 minutes (High)

# Research Progress Seminar (2 SKS, 3.62 ECTs)

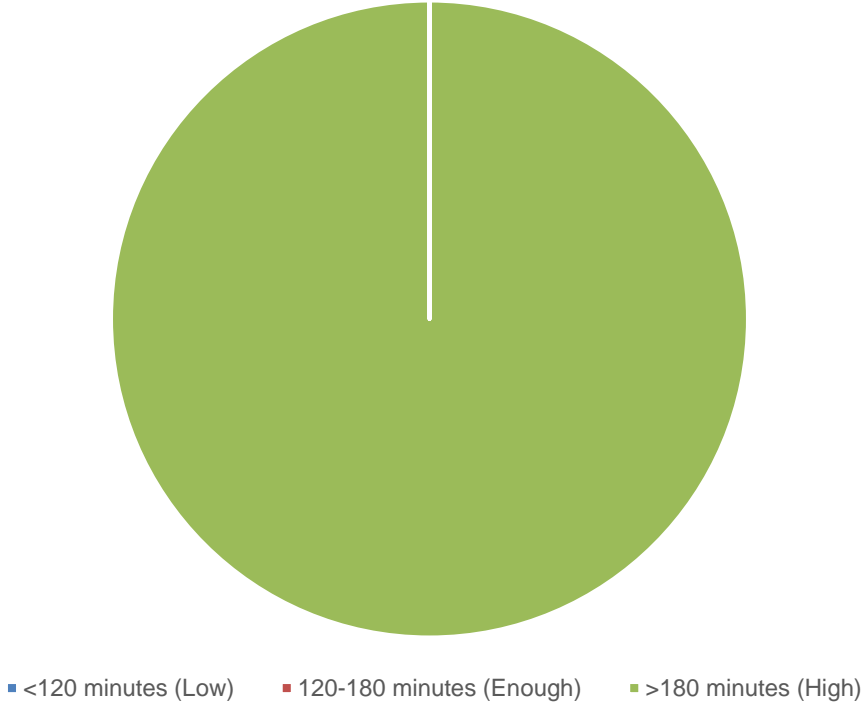

What is your total time spent in one week for face-to-face meetings in class? (in minutes)

What is your total time spent in one week to finish a structured assignment in this course? (in minutes)

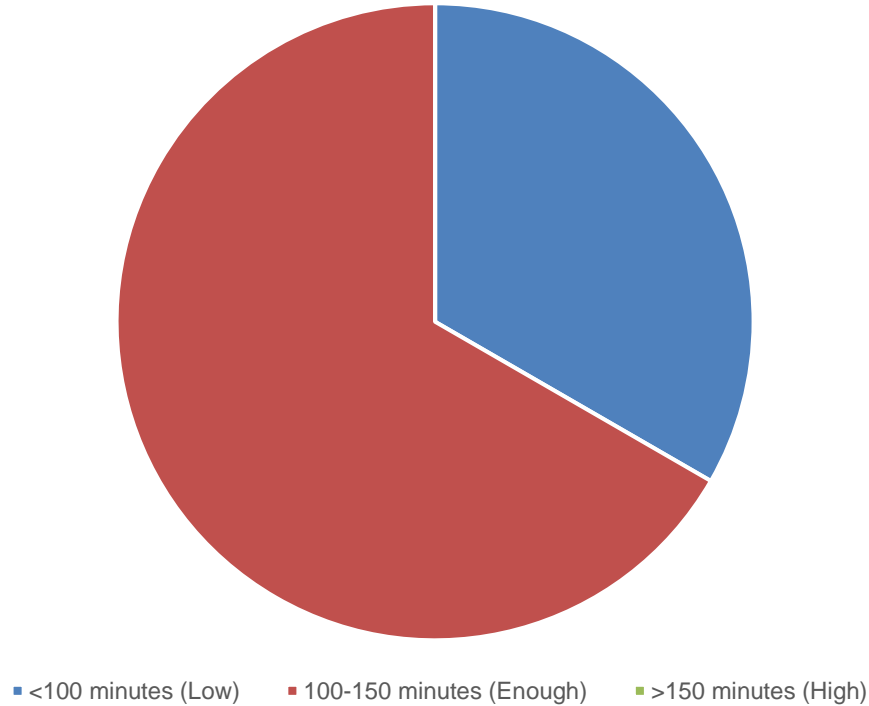

What is your total time spent in one week for self-study activity for this course? (in minutes)
